

HDMI to VGA Adapter with Audio

Connect to HDMI equipped laptop or desktop to a monitor or projector with VGA input

iNetCon HDMI to VGA Adapter enables you to Mirror/Extend your new NoteBook, Laptop, Chromebook Display on Projector, LCD & Monitor with VGA interface for big screen viewing. It support resolution up to 1920x1080 @60Hz and provides with a 3.5mm Audio line-out jack, which allows you to enjoy audio and video simultaneously.

When the source devices could not offer enough power, then you could connect a micro USB cable for additional power.

MIRRORING YOUR DISPLAY

iNetCon INCHDV allows you to Mirror your display for better view on big screen. It also transmits the Audio signals simultaneously.

EXTENDING YOUR DISPLAY

iNetCon INCHDV allows you to Extend your display to do work on wide screen as well as to expand your picture screen. It also transmits the Audio signals simultaneously.

SUPREME ALUMINIUM CASE

Digital smart chip converts HD smoothly, gold-plated Plug connectors resist corrosion and protect signal transmission, tin foil and metal wind to form a double shield protecting against RF interference, and oxygen-free copper enhances cable performance

TRUE SOUND EXPERIENCE

3.5mm independent audio port that you can use to attach the speaker/home theater system to enjoy the high quality audio or your TV doesn't has the audio system, providing a more fun viewing experience
